EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Bob West on 3/14/05.

The application has been amended as follows:

IN THE CLAIMS:

Claims 52-65 are cancelled.

Claim 1. (Currently Amended) A cartridge for a manually actuated respiratory medicament delivery device, comprising:

a body having opposed ends,

a passage through said body through said opposed ends wherein said opposed ends of said body surrounding said passage are convex,

a medicament stored in said passage and burstable polyolefin membranes having a burst pressure less than 10 atmospheres covering said passage, wherein said burstable polyolefin membranes are stretched taut over said convex opposed ends and are sealing said passage at said opposed ends of said body.

Claim 72. (Currently Amended) A cartridge for a respiratory medicament delivery device, comprising:

a body having opposed ends,

Art Unit: 3731

a passage through said body through said opposed ends wherein said opposed ends of said body surrounding said passage are convex,

a powdered medicament stored in said passage, and;

burstable polyolefin membranes having a burst pressure less than 10 atmospheres covering said passage, wherein said burstable polyolefin membranes are stretched taut over said convex opposed ends and are sealing said passage at said opposed ends of said body.

2. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach or render obvious a cartridge comprising, among other features, a body having a passage and opposed ends; wherein said opposed ends are convex; a medicament stored in the passage; and burstable polyolefin membranes that are stretched taut over the convex opposed ends and are sealing the passage at said opposed ends.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
